Under this agreement for 2014
Kalamia State School will receive $5,000*

This funding will be used to

- Maintain the percentage of students achieving at or above the NMS for reading in Year 3 at 100% in 2014.
- Maintain the percentage of students in Prep to Year 3 achieving a “C” standard in English at 100% in 2014.
- Develop Individual Learning Plans for students at risk of not meeting the NMS in 2014.

Our strategy will be to

- Continue to collect and analyse internal and external student achievement data to inform teaching and learning practices and identify areas for intervention and extension through the use of short term data cycles and team meetings - Sharratt and Fullan (Faces on the Data). Specifically through:
  - Parameter 5. Early and Ongoing Intervention
  - Parameter 6. Case Management Approach
- Embed the explicit teaching of decoding and comprehension strategies.

Our school will improve student outcomes by

- Employing a teacher to focus on the explicit teaching of reading and writing skills for identified individuals. $5000

Amanda Souter  
Principal  
Kalamia State School  

Dr Jim Watterston  
Director-General

*Based on 2013 data. To be updated when 2014 enrolment data is finalised.
