Principal's foreword

Introduction

Kalamia State School provides quality education for children from the Preparatory Year to Year 7, in a multi-age setting. Our school community is dedicated towards achieving excellent results for our students and school. Our school motto, "Small schools achieve great things" is indicative of the philosophy of our strong school community.

This report provides a snapshot of the school performance and unique characteristics for the 2013 school year. From the 2013 Annual Implementation Plan a large percentage of key directions were achieved. This report will be made available to our parents and school community through a delivered photocopy with our fortnightly newsletter and on the school website.

2012 School Annual Report

Future outlook

Our key priorities in 2014 are:

- Continued focus on improvement in Reading, Writing (Spelling, Punctuation and Grammar) and Numeracy outcomes
- Embed whole school Pedagogical Framework formed around Dimensions of Teaching and Learning (DoTL)
- Continued collection and analysis of internal and external student achievement data to inform teaching and learning practices and identify areas for intervention and extension
- Provide explicit feedback to students on their progress and areas for development
- Maintain and enhance high student attendance rates

How Information and Communication Technologies are used to assist learning

Our classroom contains a bank of networked computers for everyday use by the students. Each unit of work contains ICT skills. There is an interactive whiteboard, which is regularly used by students and teachers alike. Our student computer ratio is 1:1. Staff and students have ready access to a wide range of ICT hardware and software including:

- Email and internet access
- Digital imaging using still and video cameras
- iPad
- Direct curriculum integration of a range of generic software applications scaffolded and sequenced across the school e.g. Reading Eggs, Mathletics, Study Ladder.

Social climate

Like many small schools, Kalamia State School is family-oriented. The school community recognises the importance of a team effort. The school's culture is one where members work co-operatively as partners in the learning process. The students of Kalamia State School are well supported by a dedicated and enthusiastic staff and a caring and committed parent community.

The results of the annual School Opinion Survey show that a very high percentage of students are happy to come to this school with the school mean being equal to or above that of the State and Like Schools. The Survey results also show a consistently high parent satisfaction rate that their children are safe at this school. This school mean is also consistently equal to or higher than that of the State.

Student, staff and parent successes are celebrated through our fortnightly newsletter, website and Facebook page. Good news stories are placed in local newspapers.

Social gatherings of school community e.g. Fancy Dress Ball.

Staff access to Employee Advisor.

A Responsible Behaviour Plan and a Bullying Prevention Strategy are utilised in our school community to promote positive behaviours.

Involving parents in their child's education

The parents of Kalamia State School show genuine interest in and concern for their children's education by supporting the school's many activities. Many parents attend parent education programs, and provide assistance with school programs and initiatives. Our parents always support class activities, excursions, camps, tuckshop, providing transport to and from sport and cultural activities, and assisting with swimming classes.

The Parents and Citizens Association is active in providing a great deal of support to the school through grounds maintenance, fundraising and involvement in school activities. The members of the Association are involved in the decision-making processes of the school. Monthly P&C meetings are scheduled on a flexible basis.

Parents are kept up to date with school matters through fortnightly newsletters, email and through personal communications.

Parents are always welcomed into the school and encouraged to participate in school programs as much as possible.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Sustainability education has been a big part of the curriculum, with students developing ways of reducing our use of energy and water.

In 2013 new solar panels were installed to reduce our environmental footprint.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	14,942	504
2011-2012	18,391	405
2012-2013	13,039	266

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

Performance of our students

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Student attendance at Kalamia State School is monitored daily via the marking of class rolls in the morning and afternoon. The school has a low incidence rate of unexplained absences as parents are expected to report their child's absence via a phone call, note, email or personal communication with members of staff. Unexplained absences are followed up with notes or phone calls from school administration staff to ascertain the necessity of the absence. Reminders about parent obligations to ensure students attend school regularly, and the need to inform the school of student absence, are also relayed through the school newsletter and Handbook for Parents.

Many proactive strategies for encouraging high attendance rates were used during 2013 including:

- the introduction of an award recognising the student with the highest attendance rate for the year
- regular information communicated to parents about the importance of regular attendance and the connection to high academic achievement
- current school attendance rates publicised in the school newsletter

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.
